SUMMARY

A highly motivated and detail-oriented Web Developer with a strong foundation in web development gained through freelancing and an internship at iNeuron. I have hands-on experience working on real-time projects that involve developing dynamic, user-friendly web applications using modern technologies. I thrive in collaborative environments and have demonstrated my ability to adapt quickly and deliver high-quality results under tight deadlines. With a passion for creating efficient, scalable, and visually appealing web solutions, I am eager to contribute my skills to a growing development team and continue learning in a professional setting. Seeking an opportunity to leverage my technical skills and enthusiasm for web development in a challenging role that allows me to grow as part of a forward-thinking company.

TECHNICAL SKILLS

- Languages : HTML, CSS, JavaScript
- Frameworks & Libraries : React.js, Node.js, TypeScript
- Tools & Technologies : Git, NPM, RESTful APIs,
- Version Control : Git, Github, BitBucket
- Design & UI : Responsive Web Design, Bootstrap, Tailwind CSS
- Other : Agile / Scrum, Jira, Problem Solving, Collaboration

WORK EXPERIENCE

Web Developer Intern

Oct 2023 - Oct 2024

Ineuron

- Contributed to Real-Time Web Projects:** Actively participated in the development of real-time, interactive web applications using modern front-end and back-end technologies. Focused on creating dynamic, user-friendly experiences that catered to the needs of clients and end-users.
- Responsive Web Design:** Designed and implemented responsive and adaptive user interfaces to ensure the applications were accessible and functioned seamlessly across a wide range of devices and screen sizes. Focused on providing an intuitive, smooth user experience.
- Best Performance Recognition:** Earned the "Best Performance" award for consistently delivering high-quality code within deadlines. Demonstrated excellent problem-solving skills, attention to detail, and a proactive approach in overcoming technical challenges.
- Agile Methodology:** Worked in an Agile environment, participating in daily stand-ups, sprint planning, and sprint reviews. Gained valuable experience in following industry best practices, tracking progress, and delivering features incrementally.
- Code Quality & Best Practices:** Focused on writing clean, maintainable, and efficient code to enhance the overall quality of the project and improve team productivity.

Freelance Web Developer

Freelancer

- **End-to-End Web Development:** Successfully developed, deployed, and maintained a variety of web applications, ranging from dynamic websites to fully functional platforms. Handled all stages of the development lifecycle, from concept to launch, ensuring the projects met client specifications and industry standards.
- **Client Collaboration & Requirement Analysis:** Worked closely with clients to understand their business goals, requirements, and target audience. Conducted detailed consultations, gathered specifications, and provided tailored solutions that aligned with their objectives.
- **Third-Party API Integration:** Integrated various third-party services, such as payment gateways (e.g., Stripe), authentication systems (e.g., Appwrite), and other essential APIs (e.g., social media APIs). Focused on ensuring seamless data flow between systems, enhancing the application's functionality and user experience.
- **Maintenance and Updates:** Provided ongoing maintenance and support for deployed applications, including debugging, updating content, adding new features, and ensuring the platform’s security by applying regular updates to dependencies and security patches.

EDUCATION

Ramachandra College of Engineering2019 - 2023

Eclectronics and Communication engineering (ECE)

Sri Chaitanya College2017 - 2019

Intermediate (MPC)

Sri Bhavishya High school2017

Schooling upto 10th

ACHIEVEMENTS

Best Performance Recognition

iNeuron Internship

Awarded Best Performance Recognition during my internship at iNeuron for consistently delivering high-quality work under tight deadlines. This recognition was a result of my commitment to excellence, ability to quickly adapt to new technologies, and proactive approach in tackling challenges.

Topper of the Department

Ramachandra college of Engineering (RCEE)

Achieved the Topper position in the 4-1 semester of my undergraduate course, ranking first in my department. This accomplishment was a result of my strong academic performance, dedication to my studies, and consistent hard work throughout the semester. I demonstrated leadership in both technical and non-technical subjects and developed a deep understanding of core concepts that helped me excel in my coursework. This achievement reflects my discipline, time management skills, and ability to perform under pressure.
